## VERSE 1

Eb            Bb                            Cm  
Descending from the heavens  
Eb            Bb                            Cm  
Son of God the greatest servant  
Eb            Bb                            Cm  
Though not one of us deserved it  
                 Gm            Eb    Bb    F  
Your Grace Came Down

## CHORUS

   Eb  
Grace Came Down  
                 Bb            Gm                            F  
You took my place, changing everything  
Eb            Bb                            F  
All that was lost can now be found  
   Eb  
When Grace Came Down  
                 Bb            Gm                            F  
Your love replaced, all my foolish ways  
Eb            Bb                            F  
My future looks like victory now  
   Eb    Bb    F  
Grace Came Down

## VERSE 2

Lord I'm laying down my striving  
  
This world cannot define me  
  
Tell the darkness run for hiding  
  
'Cause Grace Came Down

## BRIDGE

Eb  
I hold no fear or shame  
Bb    F  
For Jesus knows my name  
Eb            Bb            Gm                            F  
I was an orphan but now I'm chosen  
  
Freedom will be my song

This love keeps pressing on

Grace came to find me

It redefines me
